On September 6, 2006 the Board proposed the document, *8-Hour Ozone Maintenance Provisions for Salt Lake and Davis Counties*, to replace Section IX.D of the Utah State Implementation Plan (SIP). The Board also proposed changes to the associated rules to make them compatible with the new 8-Hour Ozone Maintenance Plan. A 30-day public comment period was held, and a public hearing was conducted on October 17, 2006. No comments related to these proposals were made at the public hearing; however,

some written comments were received. These written comments suggested clarifying changes to the SIP and some of the rules. No substantive changes have been made. A summary of the comments and staff responses is attached, as well as a copy of the updated SIP and rules reflecting the responses to the comments received.

Recommendation: Staff recommends that the Board adopt the Ozone Maintenance Plan, and all of the unchanged proposed rules and revised rules as attached.
